COURSES

An Overview of Groundwater in Virginia - Kurt McCoy, USGS

Come understand how our water flows through the diverse terrain in Virginia. Learn of the different regions and how it impacts your job as a water well contractor and pump installer. A higher quality job begins with a higher level of understanding water.

Contractor Licensing Basics - Mindy Spruill, DPOR

Wonder why you need a license to work? Let the Department of Professional and Occupational Regulations provide information on board statistics, types of licenses and who needs a license.

Dig with CARE - Tracey Lamb, Miss Utility 811

This course covers the Miss Utility law, the one-call process, law changes and any questions that you may in properly preparing for your next dig.

Take chances, make mistakes.
That's how you grow. Pain
nourishes courage. You have to
fall in order to practice being
brave. Mary Tyler Moore

COURSES CONTINUED

Expansion Management Area Well Construction Regulations & Fall Field Day Recap - Scott Bruce, DEQ

Construction regulations have been passed for the newly acquired eastern shore management area. Come find out what they are! The course will also conclude with a recap of the 2013 Fall Field Day hydrodevelopment procedures and yield test results. Understand specific capacity and the value behind water well fracking.

Feedback: How is your association working for you? - VWWA Board of Directors & Executive Director

Friday there will be time devoted to hearing directly from the attendees and vendors on how we can make changes and where the association needs to be headed in the years to come. Come voice your opinion and let us hear from you!

Got Lead? - Mike Heatwole, May Supply

The lead law is in effect! Be in the know and don't be caught off guard!

Karst Geology - Wayne Fenton, Fenton Well Drilling & Joel Maynard, DEQ

Wayne and Joel discuss karst geology and the issues in drilling through it. See what they have studied and found through first-hand experiences to enrich your ability to drill in such conditions.

Redefining Water Treatment - Richard Mest, Master Water

This course will cover the make-up of water, it's characteristics and identify treatments for optimal quality.

Techniques for Assessing Cross Communicating Wells - Mike Alter, Clear Creek Associates

This course will review methods commonly used to identify and assess cross communicating and potentially cross contaminating water supply wells through video surveys, geophysical logging, groundwater sampling and more.

Well Check Program - Erin Ling, VA Tech Cooperative Extension Office

VWWA has teamed up and is supporting the Well Check Program which encourages homeowners to proactively seek routine maintenance from licensed contractors to ensure a healthy water supply to their family. See how this will be impacting your community and how you can become involved through your services.

Well Rehabilitation and Maintenance - Zane Poppell, Cotey Chemical Corporation

This course will provide information on chemicals and procedures on rehabbing water wells and maintenance procedures.
