

VIRGINIA WATER WELL ASSOCIATION

2023 Fall Field Day

FRIDAY, OCTOBER 27

DRILL STRAIGHT:

Construction Methods & Tools to Accomplish It

AWWA Code . Measurement Tools . Construction Methods

Join us for a full day of getting into the fundamentals of how to test plumbness and alignment to deliver on project specifications. Lecture and demonstrations will also cover drilling techniques and tools to accomplish these tasks. The day will round out with a small equipment exposition where you will be able to see equipment and refine your skills in operating them.

Rain or shine, bring your bag chair and prepare to spend a day with us as you receive 8 hours of educational credit outside in an atmosphere you are familiar with.

Plenty of parking onsite. Be sure to **register by October 20th** and let us know you are coming. There will be onsite registration available at a greater price.

Activities & Raffles

Come win some prizes and have some fun with us!

Program runs from 8:00 AM - 5:00 PM

⑧ Vocational & Continuing Education Units
